South West

— HOLIDAY PARKS —

"I rarely make recommendations for specific products or services, however, over 5 years ago we purchased some outdoor furniture sets from Ovation and 5 years later they are all in perfect condition; despite being left outside all year, being exposed to the elements and within meters of the sea. The furniture is very well made, durable, sturdy and looks great on the decks of our 5* lodges. It is also good to know that it is made from 100% recycled plastic and, apart from cleaning, is maintenance-free. And it is very comfortable too."
